News Release

For Immediate Release: June 14, 2017

Water shutdown scheduled for Puhi area on June 15

PUHI – The Department of Water (DOW) has scheduled a water shutdown for customers located in the Puhi industrial area between Puhi Road and Haleukana Street, including select customers on Hanalima Street. Water will be turned off on Thursday, June 15 from 7 p.m. to 2 a.m. Friday, June 16, weather permitting.

The seven-hour water shutdown will allow contractor, Cushnie Construction Company, Inc. to connect a newly installed 8 inch water line to the existing system.

Affected customers are advised to store enough water to meet their needs during this scheduled water shutdown.

After the water main is turned back on, air and or existing sediment may be mixed into the water causing it to appear white or discolored. This is normal, and if it occurs, customers may flush water out through an outside hose bib until the water is clear.

The DOW has notified affected customers via door to door notices.

To view a map of the affected area, visit www.facebook.com/KauaiDOW or visit the DOW's Lihue office.

For more information, please call the Department of Water at 245-5461.

--more--

The above map shows the affected area for the scheduled shutdown on June 15, 2017 from 7 p.m. to 2 a.m.
